A fantastic debut year in Junior Rotax which now sets Lucas up well for 2024, joining a new bigger team after being head hunted by UK's Ultimate R. A team run by former European F3 driver Ben Hingeley.

Lucas and the team will be challenging for 3 national championship titles in 2024 and has now joined a very experienced team who have a lot of faith in Lucas's ability and potential.

We thank Elite Capital & Co Limited for their support which has shown the world the potential Lucas has and his development.
